

Property Trading Game from Parker Brothers®

# IDAHO

## Presented by the Idaho/E. Oregon Lions Sight and Hearing Foundation

### Idaho State Parks and Recreation *IdahoParks.org*

The Idaho Edition of the MONOPOLY® game was created to wet your appetite about the State of Idaho and to learn more about the historic, rustic and natural beauty that all Idahoans love. Idaho is a true "Gem State" that is more than its "Famous Potatoes". The State of Idaho State Parks and Recreation allows a visitor to experience the scenic country sides while enjoying many fun outdoor recreation activities for all seasons with your level of comfort for lodging from camping, to yurts to cabins. When you do visit the state, please check out the great system of state parks that allow an individual to walk through history, experience the high desert Snake River Plain in southern Idaho, the jagged mountain peaks, the wilderness in central Idaho and the many emerald green lakes in Northern Idaho.

Denise Austin, Idaho Potato Commission Spokesperson

**Denise Austin loves Idaho® Potatoes because they pack a nutritional punch and taste great.**
